Testimonies

A man called from Michigan needing prayer for mental illness. After a prayer partner agreed with him in prayer, the man called back to let us know that the Name of Jesus had healed him from mental illness! His friend and his case worker asked him and wondered how he had gotten so well all of a sudden. They said he looked good. He told them that he had been praying the Name of Jesus over himself to receive healing.

A woman called in from New York with a praise report. Having been saved through TBN years ago at the age of 33, she is now 71 years of age. Although there are medical issues, there is confidence in her faith of her eternal reward and thankfulness for her salvation.

A woman called in for prayer for her father, who was suffering with bleeding. The doctors thought it might be cancer because of the location of the bleeding. A few weeks after we agreed with her in prayer, she called back to report that there was no cancer in her father's body and the bleeding had stopped. Praise the Lord!

A woman called in and talked to one of our prayer partners about her need for an increase at work and a breakthrough in her finances. After she was prayed for, she got an e-mail in the morning stating that her employer would be giving her an increase at work. She is praising God.

A woman called for prayer for her brother, who was struggling with heart issues. After the call, the woman rejoiced when Her Brother received healing, and the hospital cancelled the outstanding bill for \$10,000.

A woman called from Kansas overjoyed to report a miracle in her husband. He had a perforated ulcer and was restricted to a ventilator. But following prayer with TBN prayer partners, her husband has been completely healed, and they are giving all the glory to God.
