

TBN Salsa – October 2016

October has been another successful month for the network.

We recently added a new show entitled *Live Your Journey* with Pastor Elicia Hart.

On *Faith With Flavor* we taped a special episode on the importance of waiting on the Lord for your future spouse, with Jessica Hoffman and her fiancé, Vincent Shakir.

We also taped a brand new episode of *Candid Confessions*. In this segment we discussed what it means to age “gracefully.” We interviewed Pastor Lori Perry, Pastor Teresa Alvarado, and Beauty Expert Jessica Hoffman.

This past month, TBN Salsa also attended the Embrace You Women’s Conference in Riverside, California, where we taped backstage interviews with some of the keynote speakers of the night and received candid responses from the attendees about their experience as well as their thoughts on the TBN Salsa network.
